

Important Information: Dulux Automotive Transition to Nippon Paint

Date: 23rd June 2026

Dear Valued Customer

Further to our recent communications regarding the transition of Dulux Automotive into the Nippon Paint Group Automotive Refinish (AR) business, we are writing to confirm the next steps and provide important information to support a smooth transition from 1 July 2026.

As previously advised, Dulux Automotive will fully integrate into the Nippon Paint Group AR global business from this date, strengthening our combined capability across ANZ.

What this means for you

- You will continue to be supported by your existing Dulux Automotive sales team who will transition to Nippon Paint.
- Manufacturing and distribution will continue via the DuluxGroup supply chain for Australia
- Your day-to-day experience will remain consistent, with enhanced global capability over time
- The current portfolio remains supported, with additional Nippon Paint products to be introduced progressively

Product availability from 1 July 2026 – Via Nippon Paint

The following ranges will be available from Nippon exclusively:

- Full Nippon Paint Automotive Range
- Nippon Paint Tinters under Premila portfolio
- Dulux Auto Speed
- Dulux Fleet Shield
- Dulux Armorspray
- Dulux Autobuild Tinters

Important:

- Dulux Automotive products will retain existing material codes – so continue to use these when ordering through Nippon.
- Nippon products will be ordered using Nippon Paint material codes – this is a change from the current Dulux system codes you will be used to.
- To assist with this a full product and code reference guide that featured new and old codes is available in this document.
- Dulux Fleet Shield, Auto Speed, Armorspray and Autobuild will be rebranded under the Nippon Paint brand through 2026 and this change will align with a change in material codes when they are introduced. We will notify you prior to these introductions.

Product availability from 1 July 2026 – Via Dulux (retail channels only)

- Dulux AutoShield
- Dulux Autosolv

Important:

- Please note these ranges will not be supplied through Automotive specialist channels. These ranges will be available through Inspirations stores.

Ordering and transition timing

Final Dulux orders must be placed by midday 25 June 2026

- Orders from 26 June onward will be processed by Nippon Paint for supply from 1 July 2026
- A full list of products available going forward from Nippon Paint and Dulux follows on from this letter in this document

Ordering from 26 June 2026

Nippon Automotive Refinish

☎ 1800 810 114

✉ customer.care@nipponpaint.com.au

Dulux (retained ranges only)

☎ 13 24 99

✉ orders.duluxau@duluxgroup.com.au

Please ensure stores include their Customer Account number when ordering Dulux AutoShield and Dulux Autosolv products.

Nippon Account setup

If you have not yet completed your Nippon Paint Automotive Refinish account setup, please do so as soon as possible. Your Account Manager can assist if required.

If you have completed account set up, please reach out to your Account Manager for your new account number.

Please also remember to finalise payment on your Dulux account.

Ongoing support and product advice

You will continue working with the same experienced Account Management team as they transition into Nippon, ensuring continuity in both relationships and product support. Please therefore direct any product advice queries to your Account Manager.

We appreciate your continued support and look forward to continuing our partnership.

If you have any questions, please contact your Business Development Manager.

We appreciate your continued support and look forward to supporting you through this next phase with Nippon.

With thanks from

Dulux and Nippon Paints

Nippon Automotive Range

Availability from 1 July 2026 – Via Nippon
